

L M P G S C A V E N G E R H U N T

CHALLENGE #1: THE FOOTPRINT

- Go to any apple store and use the computers to log onto www.slaveryfootprint.org.
- Have every team member calculate their slavery footprint.

CHALLENGE #2: THE BIG QUESTION

- At every store, ask a manager or worker the question:
- "Do you have fair trade or slave-free products?"
- Record how many stores know what you're talking about, and help you!
- Also keep track of how many blank stares you receive.
- Tip: if they don't know, they don't know. Move on to the next store!

The Vulnerable We See & The Ones We Don't

Rules & Tips

DO: Have an amazing time seeing some of the biggest sights in NYC.

DON'T: Stray from your group. Stay in pairs at all times!

DO: Try to win the game! Whoever buys the most of the items listed above, and whoever asks The Question the most, wins!

DON'T: Forget to take this seriously. We want to learn how to recognize the vulnerability we DON'T see.

DO: Think about how many non-fair trade items you buy daily. We all contribute to human trafficking through our shopping habits.

DON'T: Lose hope. Every movement starts with a ripple. Be that ripple.
